

# RANDY CABALLERO

---

## SUMMARY

Hello, I am Randy Caballero graduated in Computer Engineering at the Faculty of Computer Science of the University of Camaguey, Cuba. In my university stage I was able to develop skills such as communication and leadership, participating in different projects within the faculty. These projects also helped me to develop my ability to solve problems and evaluate different solutions if necessary. I am passionate about software development, specifically web development, as it has a great impact on our lives and will continue to do so in the future. I currently work as a freelance web developer, working with different clients, using advanced web development technologies. My goal is to develop my professional career as a Software Engineer within a company that allows me to apply all the knowledge acquired during my time as a student and in different courses and online bootcamps. To keep growing professionally and personally to achieve the best possible results is my top priority. If you want to know more about me, you can connect with me through LinkedIn, or you can visit my personal portfolio <https://rcweb.dev> and send me a message.

---

  - API's
- 

## WEBSITES, PORTFOLIOS, PROFILES

### **GSM A/C General & Contractor Inc - Houston, TX**

- Develop a responsive website for the company using the MERN stack.
- The website must display Google reviews of the business provided by customers.
- The website must be able to display all the detailed information of the company and must offer different ways to contact customers.
- The deployment of the web page must be in AWS using services such as S3, Route 53, CloudFront and Certificate Manager.
- Other technologies used in this project were TailwindCSS, HTML and some NPM packages.
- I set up hosting for the website and completed the go-live process by uploading the page to the hosting account.
- Meeting with clients to discuss project requirements and objectives.
- Designing and developing websites with a focus on user experience and functionality.

Native/ Bilingual

**English:**

Full Professional

## ADDITIONAL INFORMATION

Ramon Luis Morales Vega

First degree connection

Senior Full Stack Software Developer

August 22, 2023, Ramón Luis was Randy's mentor

I am thrilled to provide this recommendation for Randy Caballero, who has been an outstanding Junior React Developer at our company. In the time that Randy has been with us, his dedication, technical skills, and eagerness to learn have left a lasting impact on our team.

From day one, Randy demonstrated an impressive understanding of React and its associated technologies. His ability to grasp complex concepts and swiftly implement them into practical solutions was evident in every project he undertook. His commitment to writing clean, efficient, and maintainable code showcased a level of professionalism beyond his junior status.

Randy's problem-solving skills are truly commendable. He consistently approached challenges with a positive and proactive mindset, and his willingness to collaborate with both junior and senior team members enriched our project discussions. Randy's contributions from him often brought innovative ideas to the table, underpinned by a solid understanding of React's best practices.

Communication is a cornerstone of effective development, and Randy excelled in this aspect. He actively sought feedback, asked thoughtful questions, and communicated his ideas clearly and concisely. His documentation of code and processes proved invaluable not only to himself but also to his colleagues, facilitating knowledge sharing and smoother collaboration.

Randy's project management skills are praiseworthy. Despite being a junior developer, he consistently delivered his work on time, showing a remarkable ability to handle tasks and adapt to shifting priorities. His dedication to maintaining code quality while meeting project milestones was both admirable and impactful.

Beyond his technical progress, Randy's positive attitude and team-oriented approach were assets to our company culture. He readily engaged in teamwork, demonstrated a willingness to mentor fellow junior developers, and contributed to a collaborative atmosphere that benefited the entire team.

In conclusion, I wholeheartedly recommend Randy Caballero as a junior React developer. His technical proficiency, enthusiasm, and commitment to personal growth make him an invaluable member of any development team. I have every confidence that Randy will continue to thrive as he takes on new challenges and continues to refine his skills.

Sincerely,

Ramon Luis Morales Vega

Senior Fullstack Developer.

07/07/2023

To whom It May Concern,

I am writing this letter to provide a reference for Randy Caballero, whom I had the pleasure to hire as a freelance web developer for the creation, development and implementation of our company's website from 06/05/2023 to 05/07/2023.

I have found Randy Caballero to be an exceptional and trustworthy professional in the field of web development. His technical skills, his commitment to quality and his strong work ethic have consistently impressed me throughout our contract.

One of Randy's most outstanding qualities is his mastery of a wide range of web development technologies and programming languages. Whether it's front-end development using HTML, CSS, JavaScript, React, TailwindCSS and back-end work involving various frameworks and databases (MongoDB, ExpressJS and NodeJS), they have consistently demonstrated his expertise and ability to adapt to new technologies.

What really sets Randy Caballero apart is his problem solving skills. They face challenges with a systematic and creative mindset, always looking for innovative solutions to complex technical problems. His attention to detail is evident in the impeccable execution of his work, resulting in polished and user-friendly websites.

Throughout our contract, Randy Caballero has demonstrated excellent communication skills. They respond to inquiries, provide regular updates on project progress, and are proactive in seeking clarification when necessary. His ability to translate technical jargon into understandable language has been invaluable in client interactions and project discussions.

Despite working remotely as a freelancer, Randy Caballero has proven to be a very reliable and motivated individual. They consistently meet project deadlines and adapt to changing project requirements. Their proactive approach to problem solving and willingness to take ownership of projects have made them an integral part of our extended team.

I have no hesitation in recommending Randy Caballero for any freelance web development opportunity. His technical prowess, professionalism, and dedication to delivering high-quality results make him an asset to any project. I am confident that they will continue to excel and contribute to the success of their customers and partners.

Do not hesitate to contact me if you need more information or ideas about Randy Caballero.

Sincerely,

Michel Chapelli
